

LLC«UssurNefteProdukt»

Industry Sector (Valid OKVED Codes):**46.71, 41.20, 46.12.1, 49.41.1****Company Description and Scope of Activities:**

LLC "UssurNefteProdukt" was established in June 2002. The company operates its own production base, including a modern storage facility for light petroleum products equipped with an automated system for unloading, loading, and inventory management. The enterprise maintains a fleet of fuel and gas tankers with varying capacities and types, enabling the efficient sale and delivery of fuels and lubricants (F&L) and liquefied petroleum gas (LPG) in any volume and via any customer-preferred method across Primorsky Krai and beyond the Russian Federation. Currently, the company provides LPG delivery services to the People's Republic of China using its own transport vehicles.

List of Goods/Services with HS Codes:**Liquefied hydrocarbon gases - 2711129700, 2711190000****Export Countries:**

- China
