

GC "Dobroflot"

Dobroflot is the history of a fishing company with more than a century of traditions. Since 1911, we have been concentrating our efforts in fishing and the production of canned fish. Since the end of 2019, two new production complexes for the production of fish fillets and fish culinary products have been launched.

We catch only wild fish, because only it has a natural natural taste.

We prepare canned fish in a way that only we can. Generations of fishermen and specialists of more than a dozen professions have invested their efforts and knowledge so that today fish delicacies do not disappear from our tables.
