

IP Maltsev Anton Valerievich

"We bring Light and Joy to people" is the motto of the company TM "NEW ENERGY", founded in 2011 by Anton Valerievich Maltsev.

TM "NEW ENERGY" is a Russian manufacturer of LED products for lighting offices, shops, shopping centers, industrial and warehouse complexes, territories, streets, roads.

An integrated approach, including familiarization with the lighting object, calculation of illumination in the DiaLux program, selection of the optimal model and number of lamps, our own production site in Vladivostok - guarantees the best price / quality ratio.

In 2024, the high quality of TM "NEW ENERGY" products was confirmed by a certificate for the right to use the "Made in Primorye" trademark and inclusion in the register of manufacturers of Russian industrial products of the Ministry of Industry and Trade.
