

IP Kokovikhin Konstantin Vladimirovich

Advertising and creative union "Kokovikhin Digital" creates marketing communications at the level of all-Russian and international brands, trademarks, well-known company names. Our communications balance the interests of business and the needs of people. They help to create a holistic brand image in the minds and hearts of consumers.

We also create effective advertising campaigns in Yandex, design and assemble image pages on the Internet, write unique articles that are read and bought after reading. In addition, we create podcasts about the people of Vladivostok as part of "Zakutok Media".
