

LLC «PRIMKOSMETIKA»

Production of therapeutic cosmetics based on sea cucumber extract.

LLC «Primcosmetics» is engaged in the production of innovative therapeutic cosmetics «Pentacan» based on the original patented sea cucumber extract developed by Far Eastern scientists. The organic sea cucumber extract helps cope with various skin diseases (acne, dermatitis, etc.). The extract is safe even for babies and expectant mothers.

List of Goods/Services with HS Codes:

3304 99 000 0 - Cream "Pentakan" - innovative development of Russian scientists based on biologically active substances from Far Eastern holothurians (Cucumaria, sea cucumber etc.). Unique extract contains carotenoids, vitamin E, neutral lipids, saturated and unsaturated fatty acids, phospholipids, ceramides, amino acids.

Designed for facial and body skin care of all types. "Pentakan" moisturizes, nourishes, protects skin, fights imperfections and restores healthy appearance.

3304 99 000 0 - Cream-balm "Pentakan" - innovative development of Russian scientists based on organic extract from holothurians ("sea cucumbers"). Extract from Far Eastern holothurians includes complex of biologically active substances, including carotenoids, vitamin E, neutral lipids, saturated and unsaturated fatty acids, phospholipids, ceramides, amino acids. Ceramide complex helps restore skin's protective functions. Extract from "sea cucumbers" has high antioxidant activity, protecting skin cells from damage by active oxygen radicals, and helps maintain skin elasticity and smoothness. Cream-balm "Pentakan" helps with: acne, skin irritations, allergic reactions, first signs of aging.

3304 99 000 0 - Cream-gel "Pentakan" - Innovative development of Russian scientists based on organic extract from holothurians ("sea cucumbers"). The lightest moisturizer in the "Pentakan" line. Perfect for owners of oily skin. Extract from Far Eastern holothurians includes complex of biologically active substances, including carotenoids, vitamin E, neutral lipids, saturated and unsaturated fatty acids, phospholipids, ceramides, amino acids. Ceramide complex helps restore skin's protective functions. Extract from "sea cucumbers" has high antioxidant activity, protecting skin cells from damage by active oxygen radicals, and helps maintain skin elasticity and smoothness. Cream-gel "Pentakan" helps with: acne, skin irritations, allergic reactions, first signs of aging. Cream-gel "Pentakan" perfectly moisturizes skin immediately after washing, suitable as a tonic. It's convenient to apply as many times as needed during the day - the gel doesn't weigh down skin at all, while giving it all the beneficial ingredients of holothurian extract.

3305100000 - Shampoo "Pentakan" - antioxidant, regenerating. Extract from Far Eastern holothurians includes complex of biologically active substances, including carotenoids, vitamin E, neutral lipids, saturated and unsaturated fatty acids, phospholipids, ceramides, amino acids. Ceramide complex helps restore skin's protective functions. Extract from "sea cucumbers" has high antioxidant activity, protecting skin cells from damage by active oxygen radicals. Natural saponins in the extract gently cleanse and give hair fresh and healthy appearance. Shampoo gently cleanses, restores natural balance of scalp. Eliminates greasiness, helps remove visible dandruff particles with regular use.

3304 99 000 0 - Oil-balm "Pentakan" - new protective product in "Pentakan" line with original patented extract from holothurians (Cucumaria, sea cucumbers etc.) 100% natural composition: grape seed oil, cocoa butter, extract from Far Eastern holothurians, patchouli essential oil. Main active ingredient: extract from holothurians, which includes carotenoids, vitamin E, neutral lipids, saturated and unsaturated fatty acids, phospholipids, ceramides, amino acids. Thanks to rich composition, holothurian extract complex helps prevent skin aging, protects cells from damage, promotes restoration, maintains skin elasticity and smoothness. Biologically active substances of extract are perfectly absorbed by human skin. Natural grape seed and cocoa oils gently care for skin, help restore its ideal condition. Patchouli essential oil soothes and gives pleasant sensations. New cream-balm "Pentakan" helps with following conditions: dermatitis, fungal skin diseases; insect bites (anti-itch effect); burns (local anesthetic and wound healing effect); frostbite. Oil base allows longer action of holothurian extract. Cream-balm "Pentakan" is suitable for skin care of all types. Cream-balm "Pentakan" works as overnight mask, also protects skin from wind and cold. Can be used as protective and preventive lip care.
