

LLC «LOZHKA PLYUS»

LLC «Lozhka Plus» - the only manufacturer in Russia of environmentally friendly disposable wooden tableware made of birch.

The company has been operating in the Partizansky urban district since 2017 and carries out deep wood processing.

History of the craft: «We carefully take birch grown by the generous Primorsky land and give it the necessary shape, using only the energy of heat and water, thus preserving all the most valuable and useful properties of natural wood.».

Currently, exports are carried out to countries: France, Poland, USA, Georgia, Armenia, Kazakhstan, Spain, Lithuania, Latvia, Bulgaria, Italy, Australia.
