

## LLC "DVITEKH"

Free Port Vladivostok resident LLC "DVITECH" is an R&D company developing biotechnologies for commercial production.

Its flagship product "OrganikAFK" is a slow-release organic fertilizer from fish, seafood, and algae addressing three agricultural needs:

1. Delivering macro/micro-nutrients
2. Creating favorable soil conditions
3. Protecting against fungi, mold, and pests—using only natural components.

The granules attract moisture, enhancing plant stress resistance, then gradually release nutrients while aerating/alkalizing soil. Components repel ants, mole crickets, etc.

Certified by Russia's Organic Union, pending organic certification. Field tests at Far Eastern agrotech institutes showed 1.5-2.5x yield increases. Expanding product lines and production capacity. Seeking 700M RUB investments for full-cycle plant construction.

### List of Goods/Services with HS Codes:

---

310100 organic fertilizer based on fish, seafood, seaweed

### Export Countries:

---

- Thailand
- South Korea (Republic of Korea)
- Myanmar
- China
- Vietnam

### Company Information:

---

- **CEO/Head's Full Name:** Lunekov Igor Petrovich
- **Contacts:** 9799102@mail.ru, +79149799102. +79143363913 WhatsApp, WeChat, Telegramm
- **Export Industry:** Industrial Export
- **Legal and Physical Address:** Vladivostok ul Kalinina 51 kv 62
- **TIN:** 2540280490
- **Website:** organikafk.ru
