

LLC "Kristal Alliance"

GC CRYSTAL ALLIANCE operates in three sectors of Russia's Far East transport market:

The **CRYSTAL ALLIANCE** division provides multimodal container transportation, project cargo handling, customs clearance, and port/railway forwarding services.

The **CRYSTAL ALLIANCE SHIPPING LINES** division operates liner services on China-Primorye trade routes with a specialized container vessel capable of accessing remote ports (handling cargo via onboard cranes) carrying 126 reefer containers.

The **RDML** division transports frozen fish products from Far Eastern fishing expeditions to Asia-Pacific ports, operating two refrigerated carriers (total capacity: 19,000t).

Our experienced specialists, modern business approach, and attentive staff help clients avoid logistical complexities while focusing on core operations. Advanced IT systems provide real-time cargo tracking and online documentation access.
