

LLC "Primseti"

For nearly 30 years, the **PrimSeti** group has specialized in comprehensive fishing gear and netting supplies. Since its first production batch in 1995, the company has earned a reputation as a reliable partner. Throughout its development, PrimSeti pursued full-cycle independence—critical given its remoteness from Russian/European suppliers. Today it manufactures unique domestically unparalleled products, with continuous quality improvements benefiting both the company and partners.
