

LLC «Rekord»

WELLD — a brand of heavy machinery and services from the company "Record." The main focus is the sale of tower cranes and their comprehensive maintenance by the WELLD service division. WELLD has factories in China and supplies cranes and equipment to Russia and CIS countries. In 2023, the international trademark WELLD was registered, allowing foreign dealers to operate commercially outside Russia. The WELLD brand emerged in 2021 as a spin-off of the "Record" company. Record is an expert in supplying construction equipment and services. By 2024, Record has exclusive contracts with foreign partners, a representative office in China, its own production, and three brands: formwork systems, scaffolding, and consumables IZZI; tower cranes and heavy machinery WELLD; construction fencing systems "Gorod Slyshit"; and a service center for comprehensive equipment maintenance.
