

LLC "MIKa"

LLC «MIKA» launched its own culinary production in 2021. The assortment includes over 100 items of various segments – from social to premium class: bread, bakery products, crackers, cookies, desserts, and other bakery and flour confectionery products; production of frozen semi-finished products in assortment (meat, fish, seafood, wild meat, dough-wrapped products with fillings, etc.).

All products are made from environmentally friendly natural products without GMOs. Some confectionery products use gluten-free flour. Currently, over 50 people work in production (bakers, confectioners, technologists, molders, etc.). Products have quality certificates and EAEU conformity declarations.

Despite its young age, «MIKA» is a dynamically developing enterprise. Products are in high demand and are represented in various retail chains in Vladivostok and Moscow. The company has proposals to present its products in retail chains of other regions, so it plans to expand sales volumes to Russian regions and export to APEC countries, including China.
