

IP Nikiforova Olga Yurievna

The company has been engaged in the production of food products – tofu – since 2017.

Over this time, it has established itself as a producer of quality products.

The assortment includes several types of tofu that are in good demand among Russian buyers. These include classic tofu, smoked tofu, Asian-style tofu in sauce, and our new ready-made dishes - tofu with fern in sauce and tofu with garlic shoots in sauce.

Company mission: preparation of high-quality, healthy, and tasty products: «We do not use preservatives or chemical additives in our production; this is a very important principle of our work.».
